

STUDENT SCHOLARSHIP OVERVIEW

PRINCIPLES OF FREEDOM

Based on the 5000 Year Leap by W. Cleon Skousen – January 2010

Principles of Freedom group is helping our **high school seniors** learn the 28 principles this country was founded on and help one student with his college tuition. It is a great learning experience that could pay off with a partial scholarship. We are accepting the first 25 applications from schools in Lake, Geauga County and Eastern Cuyahoga County schools. Ask your school guidance counselor for an application form, or download it from our website.

- 1) The student is required to obtain a copy of the 5000 Year Leap. Students can obtain the book from any bookstore that sells the book or at www.nccs.net . The book can also be obtained from your local library and can also be obtained on CD in MP3 format. If you can't obtain it anywhere else, you can obtain the book from the Principles of Freedom at the wholesale price.
- 2) After reading the Principles of Freedom, each student would have to write a 500 word minimum to 1000 word maximum essay about how the 28 principles of the founding fathers compare to what the Constitution is today or how elected officials are following these principles. They may also pick just 1 of the 28 principles to write about.
- 3) The essay must be completed and submitted by March 31st, 2010

\$1400 is the minimum award for this scholarship, but more donations between now and March 31st would allow for a larger award. Think about it. There is a limit of 25 students allowed in this scholarship program. The student's chances are very good.

=====
Download the student application and overview from the link on our website at

<http://tiny.cc/5000YrLeap>

=====
Mail the completed student application by December 30th to:

Principles of Freedom, LLC
12600 Rockside Road, Suite 107
Garfield Hts., OH 44125

Principles of Freedom LLC is our non-profit, tax exempt organization founded to promote knowledge of our founding principles and the scholarship program.
